GRAVEYARD SHIFT

by Michael F. Haspil

Coming from TOR Books in Fall 2016

Gritty urban fantasy and hard-boiled noir packed into a hand grenade of awesome!

-Mario Acevedo, author of *Werewolf Smackdown*

Alex Menkaure, former pharaoh and mummy, and his vampire partner, Marcus, who was born in ancient Rome, used to hunt evil vampires for UMBRA, a super-secret unit of the NSA.

That was before the discovery of a blood substitute and a Supreme Court ruling allowed thousands of vampires to integrate into society.

Now, Alex and Marcus are vice cops in a special police unit fighting to keep the streets safe from criminal vampires, shape-shifters, blood-dealers, and anti-vampire vigilantes.

When someone starts poisoning the artificial blood, race relations between vampires and humans deteriorate to the brink of anarchy. While the city threatens to tear itself apart, Alex and Marcus must form an unnatural alliance with a vigilante gang and

a shape-shifter in a desperate battle against an ancient vampire conspiracy.

If they succeed, they'll be pariahs, hunted by everyone. If they fail, the result will be a race-war *bloodier* than any the world has ever seen.

Author Bio: MICHAEL F. HASPIL is a veteran of the U.S. Air Force, he had the opportunities to serve as an ICBM crew commander and as a launch director at Cape Canaveral. He has been writing original stories for as long as he can remember and has dabbled in many genres.

THE DARKEST FLAME

**Book #1 in the ROADMAP TO YOUR HEART series
by Christina Lee**

Christina Lee's debut All of You pairs a trend-setting genre and an elusive trope in a wholly unique combination: New Adult and the virgin hero. And it works. -Heroes and Heartbreakers

Hot, sweet, emotional, page-turner, awesome -New York Times bestselling author Monica Murphy

Vaughn O'Keefe has been part owner of the Hog's Den for years. Privy to plenty of Disciples of the Road business, he's never been more ruffled as when a new recruit named "Smoke" walks through the door. Something about the man gets his blood pumping, but he knows to keep his preferences under wraps around the club.

"Smoke" Callahan has done a couple of rehab stints and is finally clean, thanks to help from the Disciples. He's on the right path and isn't about to get sidetracked, no matter how much the guy who manages the bar gets beneath his skin. Besides, his last relationship with a man left him scared, alone, and with a nightmare of an addiction.

When the Hog's Den becomes shorthanded, and Smoke is ordered to help out the one man he can't have, his longing for the bartender reaches blistering proportions. Vaughn figures a night together should be enough to satisfy their mutual attraction. But neither banks on just how scorching hot it might be.

As Smoke's past unravels and the one person he hopes never to lay eyes on again messes with all he holds sacred, it's time to involve the Disciples. Problem is, he'll have to risk his membership, his heart, and his own hide to keep everyone he cares about *safe*.

Foreign rights to Christina's previous romances have sold to: Random House (Germany) and Hachette France (France)

Author bio: Once upon a time, Christina Lee lived in New York City and was a fashion stylist. She spent her days shopping for photo shoots, getting into cabs, eating amazing food, and drinking coffee at her favorite hangouts. Now she lives in her hometown of Cleveland, with her husband and son—her two favorite guys. She's always been an avid reader—reading was actually her favorite time of day when she taught second and third grade. But it wasn't until she became a local newspaper columnist that something clicked. She finally realized she could turn her love of words into her dream of writing fiction.

By Christina Lee

Lee exchanges skyline for swampland in the next book of her male/male romance series, Roadmap to Your Heart.

Rugged and conventional Callum Montgomery enjoys running Shady Pines hunting preserve, except for the secret that's eating him alive. When his sister brings a date for a family wedding, he can't stand the arrogant city slicker with the stick up his perfectly fine ass. He doesn't understand his draw to Dean, who pushes his buttons at every turn, but he'd never dream of betraying his sibling over some lust fueled fantasy.

Handsome and conscientious Dean Abbott is a research assistant in his university's biology lab. When his roommate, Cassie, begs him to be her pretend date in front of her meddling family, he begrudgingly agrees to help. He doesn't anticipate being enchanted by the countryside, the colorful cast of characters, or her sexy and brooding straight brother.

Dean's return to his urban lifestyle leaves him restless, his mind continually wandering to the charming setting that spoke to something missing deep inside him. Because you can take the city boy out of the country but you can't make him forget the intriguing man he left behind.

CHINESE COOKING FOR DIAMOND THIEVES by Dave Lowry

Houghton Mifflin Harcourt, July 2014

Restaurant critic and nonfiction author Lowry's wry debut novel combines a caper story with foodie culture in an entertaining mix. –Publishers Weekly

Intercut with the action are scenes in restaurants and kitchens, which have the feel of insider authenticity and are a mouthwatering pleasure. ...It's a fun read. –Kirkus

St. Louis restaurant critic Lowry spins a debut novel that will satisfy the literary taste buds of any fiction reader interested in diamond heists, Chinese-speaking martial-arts masters, Chinese food, and wooing done well, with lame jokes and ex-girlfriends included. –Booklist

CHINESE COOKING FOR DIAMOND THIEVES is a road-tripping love story spiced with snappy repartee and a dash of running-for-your-life, told by a memorable narrator who never picks up strangers at a highway rest stop -- unless they speak Mandarin. An enjoyable, witty, comic adventure that will make you very, very hungry. –Kristina Riggle, award-winning author of THE WHOLE GOLDEN WORLD

Driving home after being kicked out of college, Tucker meets and picks up the mysterious Corinne Chang at a rest stop. Infatuated, and with nothing better to do, he ends up with her in St. Louis, where he gets a job as a chef in a Chinese restaurant. Even though he's a gwai lo—a foreign devil—his cooking skills impress the Chinese patrons of the restaurant, and his wooing skills impress Corinne when she joins him there as a waitress. But when Chinese gangsters show up demanding diamonds they believe Tucker's kind-of, sort-of, don't-call-her-a-girlfriend stole, he and his friends—which luckily include a couple of FBI agents—have to figure out just who is gunning for Corinne and how to stop them. Good thing Tucker is a Mandarin-speaking martial arts master who isn't afraid to throw the first punch.

With its one-of-a-kind hero, *Chinese Cooking for Diamond Thieves* is perfect for anyone who loves cooking, Chinese culture, bad jokes, and young love. Diamonds are forever . . . unless Chinese mobsters decide they want them back.

Author Bio: Dave calls himself a writer because “guy who sits in his jammies with a laptop, watching old episodes of Law & Order all day” doesn't fit conveniently into the space for “Occupation” in the IRS tax forms. He actually gets paid to eat, reviewing restaurants for St. Louis Magazine. His nonfiction books about Japan, including *The Connoisseur's Guide to Sushi*, have been translated into German, Italian, and Japanese, which makes him, in a way, the generational voice of the Axis powers. He is a trifle taller than his writing makes him sound.

MAJESTIC 12: Book #3 in the series, Fall 2018

Library Journal's Best SF/F of the Year for 2013 for THE DAEDALUS INCIDENT

A team of superhuman covert operatives emerges from the ashes of World War II in a Cold War-era paranormal espionage thriller from acclaimed genre-bender Michael J. Martinez.

It is a new world, stunned by the horrors that linger in the aftermath of total war. The United States and Soviet Union are squaring off in a different kind of conflict, one that's fought in the shadows, where

there are whispers of strange and mysterious developments. . .

Normal people across the United States have inexplicably gained paranormal abilities. A factory worker can heal the sick and injured. A schoolteacher bends emotions to her will. A car salesman alters matter with a simple touch. A former soldier speaks to the dying and gains their memories as they pass on.

They are the Variants, controlled by a secret government program called MAJESTIC-12 to open a new front in the Cold War.

From the deserts of Nevada to the palaces of Istanbul, the halls of power in Washington to the dark, oppressive streets of Prague, the Variants are thrown into a deadly game of shifting alliances. Amidst the seedy underbelly of nations, these once-ordinary Americans dropped in extraordinary circumstances will struggle to come to terms with their abilities as they fight to carve out a place for themselves in a world that may ultimately turn against them.

And as the MAJESTIC-12 program will soon discover, there are others out there like them, some with far more malevolent goals. . .

Skyhorse Publishing, August 2012

Ship to ship battles, swordplay, pirates, aliens, and even a solid whodunit...one of the most enjoyable reads I've had all year. –GeekDad

Overflowing with complexity and artful eloquence –Publishers Weekly starred review

A fun and entertaining science fantasy series that is compulsively readable. –Paul Weimer, SF Signal

Mars is supposed to be dead...

Bizarre quakes are rumbling over the long-dormant tectonic plates of the planet, disrupting its trillion-dollar mining operations and driving scientists past the edges of theory and reason. However, when rocks shake off their ancient dust and begin to roll – seemingly of their own volition – carving canals as they converge to form a towering structure amid the ruddy terrain, Lt. Jain and her JSC team realize that their routine geological survey of a Martian cave system is anything but. The only clues they have stem from the emissions of a mysterious blue radiation, and a 300-year-old journal that is writing itself.

Lt. Thomas Weatherby of His Majesty's Royal Navy is an honest 18th-century man, doing his part for King and Country aboard the HMS Daedalus, a frigate sailing the high seas between continents...and the immense Void between the Known Worlds.

With the aid of his fierce captain, a drug-addled alchemist, and a servant girl with a remarkable past, Weatherby must track a great and powerful mystic, who has embarked upon a sinister quest to upset the balance of the planets – the consequences of which may reach far beyond the Solar System, threatening the very fabric of space itself.

After months of training a budding army of human/demon hybrids, Ayala and Carrick have worked out most of their differences. Who gets to use the bathroom first in the morning. Who'll feed the bunny before they go out to make mayhem. Who gets to keep the jeeling claw they found in Forest Hills. You know, the important stuff. And when a trio of shades starts murdering the populace in Nashville again and targeting places and people significant to Ayala, her desire to help her own comrade shades stay on the good side of the Mediators will place her at their mercy again. With the Summit fracturing and demons closing in on the city, saving the shades and herself may cost Ayala everything.

THE ABSCONDED AMBASSADOR

Book #2 in the GENRENAUTS series

By Michael R. Underwood

TOR, February 2016

Catnip for genre geeks. The world of the Genrenauts offers endless possibility for exploring different kinds of stories . . . and the ways they can change. - Marie Brennan, World Fantasy nominated author of A Natural History of Dragons

There's enough metafiction in the characters' discussions to generate a paper on science fiction, but it's handled very cheerfully. - New York Journal of Books

Struggling stand-up comedian Leah Tang joins the Genrenauts, storytellers who travel to the adjacent universes which inspired our narrative genres (Western, Romance, Cyberpunk, etc.). When a story goes off-track, causing sometimes-subtle, sometimes-disastrous ripples in Earth Prime (e.g., when Romance-land goes off-track, divorce rates spike on Earth Prime), the genrenauts step in. Leah's team is one of many, controlled by a High Council that works to preserve balance in the multi-verse.

Using their knowledge of stories and genres, they investigate how the story went off-track and try to set things right. Leah falls in love with the job, an ever-changing mixture of exploration, social work, and story doctoring. Plus the exhilaration of mortal danger! Way more fun than being a receptionist. Plus better money.
